ARCHIVED ONLINE POSTS & PUBLIC-RECORD OVERLAPS POSSIBLY RELEVANT TO THE MARCH 19, 2004 DISAPPEARANCE OF BRIANNA A. MAITLAND

CASE: VSP #04A201465 (Montgomery, VT)
DATE PREPARED: October 2026
FORMAT: 1-Page Source-Cited Summary

SUMMARY OF 3 SPECIFIC QUESTIONS / RECORDS SUBMITTED FOR EVALUATION (SCOPE & DISCLAIMER)

This one-page note submits verifiable, timestamped March 2004 web archives and published Vermont court citations. **It does not advance a theory of the crime, and nobody referenced below is accused or suspected of any offense.** In ranked order, we respectfully ask whether investigators have evaluated:

1. **Court-Record Overlap (*State v. Ellen Ducharme*, 2009 VT 102; Docket No. S0319-10 CnC):** Published opinions state that **Ramon L. Ryans** (arrested in the Apr 15, 2004 VSP raid at 3027 Reservoir Rd, Berkshire) reported his live-in girlfriend **Ligia Rae Collins** missing on July 5, 2004 when **Ellen Ducharme** murdered her. Were investigative statements from *Ducharme* (S0319-10 CnC) cross-indexed with the May 17, 2005 Berkshire search?
2. **Three 20–23 March 2004 Quebec Forum Threads Seeking Civic / Acura EL / Integra Body Panels:** Following the March 2025 WCAX report regarding a grey/silver late-1990s/early-2000s Honda Civic on VT-118 on March 19, 2004, we swept 65,000+ archived 2004 regional forum threads and isolated three 21–23 March 2004 posts describing fresh collision damage or simultaneous front/rear body-panel replacement on Civic/EL/Integra vehicles within 25–85 km of the Richford/Abercorn border.
3. **Dated March 20, 2004 Corridor Bus Timetables & Border Logs:** Archived 2004 Jay Peak free weekend ski-bus schedules (`intNodeID=9667`) place three charter buses passing the Dutchburn house on VT-118 at **~08:30–08:45 AM Saturday**, prior to the 10:14 AM EXIF timestamp preserved in public copies of the "World Travelers" photographs (`DCP_4629.jpg`).

SECTION A · THREE ARCHIVED QUEBEC FORUM POSTS FOLLOWING MARCH 19, 2004 (21–23 MARCH 2004)

Filtered from 30,098 sequential MontrealRacing threads (Jan–Jun 2004) & ~35,000 regional threads

BOARD, THREAD ID & EXACT TIMESTAMP	VEHICLE & STATED COLOUR	VERBATIM QUOTED TEXT & ENGLISH TRANSLATION	ARCHIVED URL & OFFICIAL RECORD THAT WOULD TEST IT
1. MontrealRacing `threads/101929` Sun 21 Mar 2004 13:03 EST	**2001–2004 Acura 1.7 EL** (Canada-only badge-engineered 7th-gen Civic sedan) *Colour: Not stated*	*"my friends 1.7 got trashed. whole front... bumper / radiator / lights / hood etc... its at acua dealership and will be inspected monday."* (Poster handle: `GuyMR2`; states a friend's 1.7 EL sustained full front-end damage over the 19–21 March weekend and was sitting at a Montreal-area Acura dealership awaiting a Monday 22 March inspection.)	`montrealracing.com/forums/index.php?threads/101929/` **Record Check:** Montreal-area Acura dealership repair orders or SAAQ collision claims opened Mon 22 Mar 2004 for a 1.7 EL.
2. MontrealRacing `threads/102280` & `102268, 102274, 102279` Mon 22 Mar 2004 20:53–21:28 EST	**1997 Acura 1.6 EL** (Canada-only badge-engineered 6th-gen Civic sedan) *Colour: Not stated (grey interior sold in t=102279)*	• `t=102280`: "*Besoin valise de 1.6 el 97 avec lumieres*" ("Need trunk lid for a '97 1.6 EL with taillights"). • `t=102268 / 102274`: "*Devant complet: bumper avant, grille, lumiere conducteur, aile conducteur*" ("Complete front end: front bumper, grille, driver headlight, driver fender"). Posted within 35 minutes by South Shore (Boucherville) handles `HOMER` and associate while selling the car's interior (`t=102279`) and later its engine (`t=122224`). *(Archived contact phone numbers preserved in raw capture; withheld here for third-party privacy and available to VSP/FBI on request.)*	`montrealracing.com/forums/index.php?threads/102280/` (and `102268`, `102274`, `102279`) **Record Check:** Most likely a routine salvage/part-out, but simultaneous front-end and rear trunk-lid/taillight replacement on 22 March 2004 can be checked against 2004 SAAQ registration history.
3. MontrealRacing `threads/102191` Mon 22 Mar 2004, 16:27 & `threads/102472` Tue 23 Mar 2004	**1994–2001 Acura Integra 2-door** *Colour:* ***Silver preferred*** (& '97 Civic w/ 1.6 EL trunk in `t=102472`)	• `t=102191`: "*Mon chum vient de se faire rentrer dedans... Porte chauffeur silver si possible*" ("My friend just got hit... driver's door, silver if possible"). • `t=102472`: Urgent sale ("*Faut Vendre Live La... besoin d'argent*") of a 1997 Civic fitted with an Acura 1.6 EL trunk conversion. Posted by handle `Greencivic`, located in the Cowansville / Farnham border corridor (~25 km north of Richford, VT). *(Archived contact email available on request.)*	`montrealracing.com/forums/index.php?threads/102191/` & `102472/` **Record Check:** Brome-Missisquoi (Cowansville/Farnham) collision reports or SAAQ transfers for 19–23 March 2004.

Base-Rate Assessment & Exclusions (Why These Posts Alone Do Not Establish a Link): Nothing in the posts above ties any vehicle to Vermont or to Brianna Maitland, and a damaged Civic or Acura EL in southern Quebec in March is not unusual. In our sweep of **30,098 sequential thread IDs** on `montrealracing.com` (`t=87500–126999`, Jan–Jun 2004), the board averaged **185 new threads/day** during 20–26 March 2004 (1,298 total), including **181 Wanted-to-Buy (WTB) threads** and **12 exterior body- or light-part threads**—confirming that ~3–4 Honda/Acura body-panel threads in a week is consistent with normal background volume. We also **excluded** four threads that initially appeared relevant from titles alone after reading their full text: `t=101912` (specifies a *white* '97 Civic), `t=102771` (specifies a *black* '96–'98 Civic bumper), `t=101701` (02:00 Sat 20 Mar: a lowered '95 Civic coupe that could not clear its owner's home garage driveway slope), and `t=102600/102943` (a commercial repair shop in Saint-Jérôme). In addition, Wayback captures of `sccv.org/html/body_march.html` confirm the Saturday 20 March 2004 SCCV "March Madness" road rally was held near Burlington at 6:00 PM, not on VT-118.

SECTION B · PUBLIC-RECORD OVERLAPS & DATED MARCH 20, 2004 CORRIDOR RECORDS

Published Vermont Court Opinions, Newspaper Archives & Dated Transit Schedules

1. Court-Documented Overlap Between Two 2004 VSP Investigations

- **Published Court Opinions (*State v. Ellen Ducharme*, `2009 VT 102`, 186 Vt. 634; *In re Ellen Ducharme*, Docket No. `S0319-10 CnC`, Vt. Super. Ct., Chittenden Unit):** The Vermont Supreme Court opinion and post-conviction ruling record that **Ligia Rae Collins** (b. 2 Nov 1978; murdered 4–5 July 2004 in Burlington / Lincoln Gap by **Ellen Ducharme**) was reported missing to Burlington Police on **5 July 2004** by her live-in boyfriend, **Ramon L. Ryans**.
- **Prior April 15, 2004 Berkshire Raid (*St. Albans Messenger*, May 2004 Wayback Archive):** Three months earlier (15 April 2004), VSP raided a rented farmhouse at **3027 Reservoir Rd, Berkshire, VT**, arresting **Ramon L. Ryans**, **Nathaniel C. Jackson**, **Timothy Powell**, and co-lessee **Stephanie A. Machia**, and VSP Lt. Garryki Nelson stated in the *St. Albans Messenger* that Brianna Maitland was acquainted with Ryans and Machia. Meanwhile, published case accounts identify Ellen Ducharme as the host of the 27 February 2004 West Enosburg Rd party where Brianna was assaulted three weeks before vanishing.
- **Question for File Review:** Because VSP investigated both cases, this overlap is very likely already known to investigators; if not, were witness statements and phone records from *Ducharme* (`S0319-10 CnC`) ever cross-referenced with the May 17, 2005 Berkshire search?

2. Dated Corridor Transit Schedules & Border Records (19–20 March 2004)

- **Jay Peak Free Weekend Ski Buses (`web.archive.org/web/20040404.../jaypeakresort.com/page.asp?intNodeID=9667`):** Archived 2004 timetables show Saturday charter buses departing **Burlington (7:00–7:25 AM)**, **Montreal (7:00–7:45 AM)**, and **Plattsburgh** to arrive at Jay Peak by 9:00 AM—placing buses on VT-118 past the Dutchburn house at **~08:30–08:45 AM Saturday**.
- **EXIF Camera Timestamp in Public Scene Photo Copies (`10:14:37 AM` Sat 20 Mar):** Preserved digital copies of the "World Travelers" photographs circulating in online case archives (`DCP_4629.jpg` and `DCP_4630.jpg`) contain embedded Kodak EasyShare CX6330 EXIF timestamps of **2004:03:20 10:14:37** and **10:15:23**. While camera clocks can be mis-set and only VSP's original file provenance is authoritative, a ~10:15 AM photo time aligns with the 2017 PI interview (*Missing Maura Murray* ep. 37) and would mean the 08:30–08:45 AM ski buses passed the house earlier.
- **CBSA Border Entry & Quebec Coroner Check:** The Richford–Abercorn port is 15 minutes north of the house (Glen Sutton 22 min, Frelighsburg 32 min). Were CBSA northbound entry logs for `23:30 Fri – 03:00 Sat` checked, and are Brianna's DNA/dental profiles on file with Quebec's *Bureau du coroner*?

SECTION C · METHODOLOGICAL LIMITATIONS & OFFLINE ARCHIVE AVAILABILITY

Explicit Caveats on Surname Frequency, Record Retention & Raw File Delivery

1. Why Surname-Based Property Links Are Omitted: Although several surnames appearing on 2004 Quebec car-club rosters (such as *Fortin*, *Lefebvre*, *Guertin*, *Blais*, *Bouchard*, and *Robitaille*) also appear on the VCGI Franklin County Grand List near Berkshire, Montgomery, Richford, and Enosburgh, those are among the most common Franco-Vermont and Quebec surnames. Without an independent vehicle or phone match, surname adjacency has a high false-positive rate and is not advanced as evidence.
2. Record Retention & Raw Archive Delivery: Whether 2004 SAAQ registration histories, Montreal dealership repair orders, or 2004 CBSA border-crossing logs remain retrievable after 22 years is unknown to the submitter. Full raw HTML/JSON forum sweeps (`montrealracing_2004_sweep.json`, `regional_forums_2004_sweep.json`) and Wayback captures are preserved offline and can be provided immediately upon request.
